PA NEW OBSERVES

Although the weather has moder-
ated considerably from the frigid
blast recently the city continues to
worry about East Washington street
driveway repairs and curb construc-
tion. The work will be resumed
when a thaw arrives.

For the past few mornings, some
ambitious pilot has been flying over
the city at an early hour. One imag-
ines things looked rather drab from
the air this morning.

With Dollar Day, state teachers
convention, and the county school
directors convention all on today,
the city is pretty well thronged
with people and excitement.

PA New observed two cars driv-
ing about the city yesterday with
1932 Illinois license plates on them.
Illinois must be pretty lenient with
her motorists.

After the show was over at the
Cathedral last evening, there was a
wild scramble on the part of par-
ents and kiddies to find each other.

Some aviator must have been do-
ing his "daily dozen" over the city
this morning for as PA New looked
from his window quite early, the
flier was doing a loop the loop right
over his head.

Teachers! PA New, for all New
Castle, WELCOMES you!

A motorist parking a car down-
town last night had a clench of a
job compared to any who drove to
see the musical comedy "Pattie" at
the Cathedral. At 8 o'clock there

Large Crowd Enjoys Presentation Of Pattie By Fine Local Talent

Take a few songs, a few gags,
a few character players, a lot
of pretty girls, oh lots of pretty
girls, some straight leads, plenty
of dances, shake them all to-
gether and serve hot, and there
m'friend you have a musical
comedy. Any musical comedy
but for the present we'll speak a
little about "Pattie" which was
the attraction in the Cathedral
Thursday night under the spon-
sorship of the Y. W. C. A.
Attraction was the word for it
was just that. If you like your
musical comedy clean and fast with
punch and in large gobs you liked
"Pattie" if you were there and 2600

were. And liked it a lot. Liked it
because the choruses performed as
though they had spring wire in
their legs and rhythm in their souls,
liked it because there was a reliev-
ing absence of the usual cavernous
holes one learns to expect in am-
ateur performances. In short they
liked it because it was good, un-
usually good.

As For The Plot
As for the plot you needn't worry
much about it. Nobody ever does.
Including the author of the play.
This one concerned a wealthy young
gal named Pattie who wanted the
brother of her pal Josie, the brother

County School Directors In Session Today

Hear Able Addresses On
School Problems And Tax-
ation This Morning

DR. ROSIER IS MAIN SPEAKER

Speaking before the members of
the Lawrence County School Direc-
tors Association, in their 34th an-
nual convention being held in the
Second U. P. church, Dr. Joseph
Rosier, president of the National
Educational Association asserted
that inasmuch as the state controls
and establishes the educational
system it should provide the funds
to maintain it.

The problems of continuing our
educational system is no different
in Pennsylvania than in any other
state in the Union. Dr. Rosier stat-
ed. However he maintained the edu-
cation of the children of this na-
tion constitutes a first mortgage on
the wealth of the country and they
should be given first consideration.
"The older people of this country
are responsible for conditions of to-
day," he charged "and the children
should not be made to pay for the
blunders of their elders."

Teachers Not Mercenary
He stated that the school teachers
of the nation as a whole are not
mercenary, and cited the instance
of the Chicago school teachers who
have not been paid for six or eight
months, but who were carrying on
and still continuing to teach. This
same condition exists in many other
parts of the country, he asserted.
"You should not make the school
teacher the goat," he stated. "When
the salaries of the governor, the

NORRISTOWN, Pa., Feb. 17.—
Two gunmen who attacked State
Senator James S. Boyd, president
pro tem of the upper legislative
branch, today were convinced the
solon has lost none of the robust
characteristics that made him a star
University of Pennsylvania boxer
and weight heaver.

Boyd said the men had been loiter-
ing around his house for several days.
Last night he accosted them and
they jumped on him.

A neatly timed blow sent one man
sprawling and he beat a hasty re-
treat. The other lunged again with
a pistol in his hand. He dropped
the gun and, after a struggle to ob-
tain the weapon, disappeared down
an alley when Boyd lustily hollered
for aid.

Boyd could give no reason for the
attack. He said:
"It's just one of those things we
must expect in public life."

Build Siding To Reach Stone

To Start Taking Out Rip Rap Stone At Neshannock Falls Soon

LARGE CONTRACT WILL BE STARTED

Construction men of the Pennsylvania railroad are engaged today in the building of a siding into the stone quarry section of Neshannock Falls from where Bates & Rodgers company will take 100,000 tons of rip rap stones for the Espsyville-Andover highway crossing the Pymatuning dam. The work of taking out the stone is expected to start within the immediate future.

The 100,000 ton stone contract means much for this county. It will probably mean nine to 12 months work for a large group of men, it will mean considerable freight haul for the Pennsylvania railroad, with its attendant revenue and work for crews. Assuming that 50 tons could be loaded on a car it would mean 2000 cars of stone to be excavated, loaded and hauled.

Saved in 1932.

In the special session of the Pennsylvania General Assembly of 1932 the money needed for the highway, \$400,000, was scheduled to be cut off along with some \$17,000,000 worth of retrenchment accomplished by the special session. The bill to revoke the \$400,000 of the Pymatuning fund was on the calendar for final passage when some intensive work was done and the bill dropped. At the time the bill was dropped there seemed little hope that the money could be saved for the dam.

With the repealing bill dropped from the calendar the contract for the highway across the dam was let to Bates & Rodgers and S. D. Pearson and H. I. Frushour then induced the contractors that the stone at Neshannock Falls was what they needed for the ripraping work. The contractors agreed with them and the laying of the siding, about three-eighths of a mile long, is definite proof that the stone will be moving shortly.

BISHOP BEGS WOMAN DROP "SILLY" LIFE

(International News Service)
LOWELL, Mass., Feb. 17.—The modern woman was urged by Bishop Charles W. Burns of the Methodist church to give up "silly clothes, silly permanents, carmined lips, and silly hopping from bridge table to bridge table."
The bishop, who pointed out that the Methodist church has lost 2,500,000 communicants in the United States during the past decade, asked that women "take a livelier interest in the enduring things of life and the solid principles laid down by their parents."

A parishioner, meeting his vicar, who was carrying a brief bag, remarked: "Got your lunch, vicar?" "Sermons," returned the clergyman. "Food for thought, you know." "Oh, I see—dried tongue!"—Tit-Bits.

"NOW CAN EAT ANY KIND OF FOOD, AND NO CONSTIPATION"

Mr. Durigan Finds Relief in
Kellogg's ALL-BRAN

Here is his enthusiastic letter:
"Am 70 years of age, and for 40 of these years there never was a week but what I had to take a pill or some kind of cathartic."

"I took everything, but gained only temporary relief. Until last spring my daughter, who is a nurse in a hospital, brought me some Kellogg's ALL-BRAN."

"At the end of the week, I knew I had something that was it, and I kept on taking it. I haven't taken a cathartic since. I can eat meat any time, as often as I like, or any other kind of food, and no constipation." Mr. L. M. Durigan, 6811 Buffalo Ave., Jacksonville, Florida.

Laboratory tests show Kellogg's ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to help muscle tone. Also iron for the blood.

The "bulk" in ALL-BRAN is much like that of lettuce. Inside the body, it forms a soft mass. Gently, it clears out the intestinal wastes.

How much safer than patent medicines. Two tablespoonfuls daily are usually sufficient. With each meal in serious cases. If not relieved this way, see your doctor.

Sold in the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

brought in the event of one of the assassin's victims succumbing.
Cermak's Condition Serious.
The condition of Mayor Anton J. Cermak of Chicago and Mrs. Joseph Gill, two of the wounded victims, was still serious.
Late bulletins from the hospital announced that the Chicago mayor has spent a comfortable night but still was in danger. He was reported as being too weak to undergo an operation for the removal of the soft-nosed bullet lodged in his back.
The condition of Mrs. Gill took a turn for the worse during the morning. It was rumored at the hospital that she would undergo another blood transfusion later today.

Strengthen Guard.
NEW YORK, Feb. 17.—Scheduled to arrive here at 4:15 p. m. today, President-elect Franklin D. Roosevelt will find himself under extraordinary guard when he returns to the metropolis.
Acting under the personal direction of Commissioner Edward P. Malrooney, police officials today perfected plans for shielding the incoming president from any possible repetition of the thwarted assassination attempt at Miami Wednesday night, in which five persons were wounded.
Long before Mr. Roosevelt's special train rolls into Pennsylvania station, the terminal will be dotted with policemen. Extra details were assigned to take their places at every approach to the station and a picked cordon of 150 police will form a cordon about the president-elect and his party.
Twelve motorcycle police will escort the Roosevelt party from the station to his town house in East 65th street, where an additional police detail went on duty today.

Roosevelt Proceeds North.
ENROUTE WITH PRESIDENT-ELECT ROOSEVELT TO NEW YORK, Feb. 17.—Undaunted by the harrowing experience of having a would-be assassin make him the target for five shots, President-elect Roosevelt was proceeding north to New York today with only the customary secret service and railroad guard.
His first concern was for the five victims of the wild shooting, two of whom lie dangerously near death in a Miami hospital.
At every stop on the route north, a telephone was connected with the president-elect's special and Mr. Roosevelt personally checked with the hospital on the condition of Mayor Anton J. Cermak of Chicago; Mrs. Joseph Gill of Miami and the three others less seriously wounded by the bullets that spouted from the gun of Giuseppe Zangara, unem-

Recalls College Days

Designing new equipment to fill peculiar needs, such as he encounters in his various expeditions to study the origin of the cosmic ray, is not new to Dr. Arthur Compton, winner of a Nobel prize in physics, and professor of physics at the University of Chicago. Dr. Compton is shown here during a visit to Wooster, O., with his hands on a "brain child" of more than 20 years ago, which he built as a student at Wooster college. It is a model three-phase induction motor which has been used continuously in the science laboratories at Wooster ever since.

Every Inch a Champion

This may not seem a pleasant smile to you, but it's a smile of victory just the same. He is "Cro-vanspring," an English bull, owned by Mr. and Mrs. Hugh J. McCroden, of Ridgewood, N. J.

NATION AT TURNING POINT, AYRES SAYS

CLEVELAND, Feb. 17.—Urging the nation to "grapple with realities" as a method of improving conditions, Colonel Leonard P. Ayres, noted economist and vice president of the Cleveland Trust Company, declared a turning point had been reached in the present economic crisis.

Three factors probably will shape the course of economic welfare of the nation in 1933, Ayres asserted in

his monthly business review. They were defined as financial conditions, business conditions and national morale.

Ladies' Lodge Has Anniversary Party

G. I. A. Members And Husbands Enjoy Dinner And Party Last Evening

By an anniversary dinner and party, the Grand International Auxiliary to the Brotherhood of Locomotive Engineers, celebrated the 24th year of its organization, Thursday evening in the city building.

Members and their husbands numbering 30, including six charter members, were present. Mrs. L. F. Kelley was there from Youngstown, Ohio.

Dinner was served at 6:30 o'clock on a table decorated with candles and centered with a huge birthday cake. The cake had been baked by Mrs. R. W. Roberts and Mrs. F. L. Henry and decorated by P. L. Henry.

After enjoying the delicious dinner the guests took part in games of cards and bingo. Prizes were awarded to Mrs. C. D. Horton and C. B. Grassell for bingo and to Mrs. F. L. Henry and C. D. Horton for 500. The table prize went to Mrs. H. S. Sherman.

The party came to a close at 11:30 and everyone had a nice time.

Mrs. J. H. McIlvenney and her committee were in charge of the table arrangements and the games played later were under the supervision of Mrs. C. F. Perrine and Mrs. R. E. Armstrong.

The next meeting of the G. I. A. will be next Thursday afternoon, February 23.

Observations In 7th Ward

Although it is not generally known, it was a seventh ward man who superintended the laying of the Baltimore and Ohio railroad tracks from the New Castle junction to Hazelton. It was none other than Alderman H. G. Coates, who, in his late years, just as a young man in his late teens, was in charge of the crew of workmen laying the road-way.

But in those days the tracks were being laid for the Pittsburgh, Youngstown and Akron railroad, known many years later as the Baltimore and Ohio.

This Coates lad, who has had an interesting and varied career in the business world before becoming alderman, was made timekeeper on the track-laying job. Having had some previous engineering experience his ability was soon recognized and he was in charge of the entire crew.

Young Sam Woods is getting quite an insight on things Oriental. He is located at the present time at the U. S. naval hospital at Pearl Harbor, on one of the Hawaiian islands, engaged in dental work. It is an interesting spot, according to his letters to his parents on Clayton street here.

Officer Frank Reynolds of the city police force is back again on the seventh ward street patrol, after a few weeks' absence. He will be here two weeks then will be assigned to some other territory for an equal period of time. Frank likes this part of the city—and this part of the city likes him.

Did anyone here lose a 1933 auto registration plate? No. S36557 is making its temporary home at the local fire department awaiting the arrival of its owner.

Real old style southern music is rendered at the little church for colored people on Mahoning avenue each Sunday. The writer is told that the folks at the Payne A. M. E. certainly know how to sing.

A local gas station attendant claims that sand, not salt, is the thing to put on slippery sidewalks. Speaking of ice, the thought comes that a nice ice skating place should be that bit of marshy ground behind the Simpson M. E. church. A little skating was done there last winter.

One place the depression has not seemed to touch—the American Can company factory, located in from North Cedar street. That place steams away day after day producing millions of cans.

DISCUSS CAMP PLANS
Their weeks' outing at Cottage Grove last summer was so greatly enjoyed by the Westminster Guild members of the Westminster Presbyterian church that a similar camping period is being planned for the coming summer.

The Guild met last night at 7:30 in Marjorie Fisher's home on West Madison avenue. It was a finance meeting and most of the period was spent with discussions on that topic.

In planning for next summer's camping trip, the Guild members agreed that the first two weeks of July would be an excellent time for it if arrangements can be made to suit.

MAHONING BOOK CLUB
Mrs. F. W. Wallace received members of the Mahoning Book club at her home on West Madison avenue Thursday afternoon. The hours were spent pleasantly in a social manner.

Luncheon was served to the thirteen members by Mrs. Wallace, assisted by Mrs. M. L. Wallace, Mrs. Abram Rhodes, an honorary member, was present for the gathering. The next meeting will be in two weeks at the home of Mrs. M. L. Raney, West Madison avenue.

PLANNING HIKE
A group of boys who are members of the junior Sunday school department of the Methodist church are hoping for good weather tomorrow for that is the day they have chosen for a hike. The event was scheduled for last Saturday but was postponed to the 18th.

BRIDGE-LUNCHEON.
A bridge-luncheon was enjoyed Thursday afternoon at Malta hall, given by Mabel Wilson Auxiliary to the B. of R. T. It was well attended and a most successful social event.

A luncheon was served by Mrs. Flossie Wilson, Mrs. Harriet Hutton and Mrs. Hilda Peterson.

Bridge prizes were won by Mrs. Ayersman and Mrs. Greer; 500 prizes by Mrs. McFarland and Mrs. Veach.

The ladies planned to have another similar party on Thursday afternoon at 2 o'clock.

ADD 7TH WARD PERSONALS
Miss Leora Douglas, of Leesburg, was admitted to the Jameson Memorial hospital last night and operated on for appendicitis. Miss Douglas is a niece of Mrs. H. H. McCombs, of Clayton street.

W. B. Park, of Cherry street, and E. M. Johnston, of Clayton street, are spending today in Cleveland.

Mrs. George W. Douglas, of Leesburg, is spending a few days at the E. M. Johnston home on Clayton street.

O. R. C. HAS DINNER
Places for 15 members of the ladies' auxiliary to the Order of Railroad Conductors were laid at a Valentine decorated table Thursday afternoon in the city hall. A delicious chicken dinner was enjoyed at 1 o'clock.

Dinner arrangements were made by Mrs. Ralph Allen, Mrs. C. M. Armstrong and Mrs. Roy Clark.

A business meeting followed.

The next meeting of O. R. C. auxiliary will be Thursday, March 2.

ATTENDING FUNERAL
Rev. and Mrs. D. C. Schnebley of 211 Newell avenue left this morning for Hookstown, Pa., to attend the funeral of an old friend of the family, C. M. Haldeman. They will return home this evening.

Director Of "Pattie"

Mrs. L. C. Godwin of West Madison avenue, who underwent an operation recently in a Youngstown hospital, is home now and is getting along fairly well.

Twenty women lawyers of Cleveland sat at the speakers' table at the February meeting of the Cleveland Bar association, and were introduced to their colleagues by President William H. Boyd in the word, "Gentlemen, meet the ladies of the bar."

"Slippery Slim" Send His Regards

"Slippery Slim," alias James McDonald, who was arrested on Ray street, this city, for an automobile theft, is learning the plumbing trade at Bellefonte prison, to which he was sent from Butler. McDonald has a record for jail breaking, and walked out of the Lawrence

county jail, while a prisoner here. He was later re-captured. He sent a valentine to the Butler police, giving his regards.

Writes a cautious mother: "Our small daughter has a rubber doll with a whistle in its back. She likes to hear it squawk and thinking she might loosen the whistle and perhaps swallow it we cut a small hole in a one-and-a-half-inch square of adhesive tape and stuck it over the whistle. The whistle works and she cannot remove it."

Murder Charges Against Bandits

Coroner's Jury In Pittsburgh Recommends Drug Store Bandits Be Held

(International News Service)
PITTSBURGH, Feb. 17.—Murder charges recommended by a coroner's jury today were drawn up against Abe Liebman and Charles Kurchak, alleged "ice cream soda" bandits, accused of slaying Charles S. Huber, Pittsburgh druggist two weeks ago. Both youths are alleged to have confessed the killing. Neither testified at the coroner's inquest.

Huber, who formerly was from Franklin, Pa., was killed when two bandits returned his gunfire after he attempted to defend his son, Charles S. Huber, Jr. The younger Huber was slightly wounded in the hand when he grabbed at one bandit's gun when he was ordered to hand over the contents of the cash drawer.

Opposition To Road Program

Legislature May Seek To
Curtail Pinchot's Road
Plans In State

FEDERAL FUNDS BASIS OF ACTION

By WILLIAM B. BROWN
International News Service Staff
Correspondent

HARRISBURG, Feb. 17.—Hand in hand with developments in the highway inquiry, Gov. Gifford Pinchot today faced a growing demand in both houses of the legislature for curtailment of Pennsylvania's road building program.

Many legislators question not only the wisdom of adding another 53,000 miles of rural roads to the state's burden, but also the act which put the first 20,000 miles on the highway system.

Entirely aside from the wisdom of spending millions to improve remote rural roads even in normal times, the committee investigating the department of highways has made it a matter of record that such procedure today is a "mortgage on all future road building," so far as federal funds are concerned.

Regular federal aid for road building may be used only on highways which are considered of some importance as part of a national highway system. Money available under the Wagner act, which permits Pennsylvania to share in the \$300,000,000 direct and work relief program, is distrib-

uted by the governor of each state. Although, in name, the state emergency relief board allocates federal funds for county roads such action is merely a polite gesture. Board members know under the Wagner act only the governor is responsible for the distribution of the money.

The federal money allocated to the counties is used almost entirely in construction on the recently added 20,000 miles of township roads. Such action by the governor is entirely legal.

Yet the Wagner act also provides that all the money now advanced to Pennsylvania for relief must be paid in cash or deducted from future allocation of federal road aid funds.

Such allocations could be used only on so-called "high type" construction. By that method Governor Pinchot may build rural roads to his heart's content but future governors would be deprived of their usual federal aid funds.

Meanwhile, if the governor's \$20,000,000 demand for relief work cannot be met in any other way, particularly through economies, political circles freely predict the motor license fund will have to yield some of its resources.

P. T. Barnum ran for Congress in 1866, but was defeated.

All of the participants were youngsters chosen from the first to the seventh grades of the Hill schools.

10 o'clock Thursday evening, the police authorities stated this morning.

BEFORE OR AFTER INFLUENZA

By S. C. Babcock, M. D.

THESE minute influenza germs "aches all over"—perhaps a chill. Get the feet into a hot mustard foot-bath, go to bed and drink plenty of hot water or hot lemonade. Obtain from your nearest drug store Dr. Pierce's "Payngon". Take two of these tablets, and every two hours repeat the dose. But the kidneys are the scavengers of the body which separate the poisons from the blood and you should help flush the kidneys and bladder by drinking plenty of hot water and taking "A-nuric", a newer medicine of Dr. Pierce's which can be obtained at most drug stores.

Council Settles Fund Dispute

Ordinances Make Disposal of Funds Received From Insurance Premiums

REPORT \$25,000 IS SUM INVOLVED

Council met in the city building today and sent to committee, two ordinances introduced by Director of Public Safety Davies. If adopted, the ordinances may settle a several years controversy relative to disposition of the two per cent tax upon premiums received by the city from the state from foreign fire insurance companies operating here. About \$25,000 is involved. One of the two ordinances creates a paid firemen's pension fund.

According to one bill, the city officially recognizes the Paid Firemen's Beneficial Association and also the Firemen's Relief Association engaged in the service of the city and authorizes council to pay over to the two bodies, the money received from the state treasurer. The money will be divided in equal shares. None of it is derived from city taxation and council can at any time withdraw its recognition of the bodies.

There is deposited in local banks about \$16,500, received from the state for the years 1928, 1929 and 1930. It was reported in city hall circles today that the 1931 and 1932 payments, withheld from the city pending the recognition of the body or bodies officially recognized, may total \$10,000. The heads of the two organizations have signed and presented to council an agreement to share 50-50 in the distribution. The money to be paid to the

Pony Express to Inaugural

Determined to get to Washington to witness the inauguration of his friend, Franklin D. Roosevelt, as President of the United States, Little Toby Cook, of Chula, Ga., is shown on the back of one of the four ponies he is riding in relay from his home town to the capital, a distance of 800 five miles a day. He rode 250 miles to Atlanta last Fall to see Mr. Roosevelt. Toby will be the guest of Senator Richard B. Russell of Georgia during his stay in the capital.

Firemen's Relief Association shall be held in trust for the purpose of paying relief to its members and families because of sickness or death of members.

The ordinance which creates the Paid Firemen's pension fund also provides that for the purpose of maintaining the fund, council shall appropriate to the fund each year, beginning in 1933, an amount of money received from the state equal to the amount contributed in each year to the fund by the members of the paid fire department themselves.

WOULDN'T WEAR TIE UNLESS NAMED MAYOR

(International News Service)
CHICKASHA, Okla., Feb. 17 — The recent death of O. Coffman, Chickasha's "necktie wearing mayor" recalled the incident that led the pioneer to finally adopt a cravat.

It was in 1915 when Coffman was running for mayor for the first time. Friends suggested it would be "nice" if he would attach a cravat to his collar.

"Tell you what I'll do," he replied, "I never wore a necktie in my life, but if I'm elected mayor, I'll wear one every day."

Coffman served four terms as mayor. His neckties gained considerable comment in newspapers and magazines.

BLUE JAYS AND ROBINS STAY HERE

(International News Service)
HARRISBURG, Feb. 17 — It may or may not be blamed on the depression, but even some blue jays and robins are not spending the winter in the south.

One to three jays have been getting bread and wheat served to them daily in the back yard at the home of Harvey T. Smith here.

The news must have spread, for within a few days Mrs. Smith said she counted five jays and two robins awaiting rations.

DEPRESSION BENEFITS FOUND IN IOWA SCHOOL

(International News Service)
AMES, Pa., Feb. 17 — Officials at Iowa State college have found that generally poor economic conditions are not without benefits.

As a result of the depression, college students here are making more use of the college library than in the past, are attaining better grades in their studies and are in better health.

Partially responsible for this situation, officials said, is the fact that only the more serious-minded students are now coming to the college.

SAILORS CONTINUE STRANGE HOLIDAYS

(International News Service)
BOSTON, Feb. 17 — Sailors on shore leave in Boston who like to go riding in the Swan-boats at the

Mayor James Curley announced a new five-year contract for operating the Swan boats on the Public Gardens pond has been awarded to the company which has been operating them for the last half-century.

WATERLOO CAT HERDS GROUP OF PHEASANTS

(International News Service)
WATERLOO, Ia., Feb. 17 — Jiggs, owned by John Alexander here, is no ordinary cat. The cat performs a regular job at the Alexander place, keeping the chickens from straying outside the large yard. Alexander reported recently that the cat also herded a covey of eight young pheasants from one thicket to another, willingly leaving the birds—which would be prey to most cats—when he was called by Alexander.

He claimed when apprehended that he was taking orders and delivering later according to interstate regulations. The city claims otherwise. Hardgrove will be given a hearing Monday afternoon at 2 o'clock.

Arrest Clerk Of Courts In Mercer

Is Charged With Extortion In Overcharging For Marriage Licenses

(Special To The News)

MERCER, Feb. 17.—Claiming that he was forced to pay \$4 for a marriage license issued to him on October 28, 1932, when the legal price is but \$2.50, John R. McClain, of Sharon, caused the arrest of Clerk of Courts Marvin Loutzenhiser of Mercer county here today.

Loutzenhiser waived a hearing when he appeared before Justice of the Peace Thomas McClain and was held for the March term of courts in the sum of \$300.

Loutzenhiser stated he has been issuing a duplicate marriage license to each couple who have appeared before him for a license, for which the sum of \$1.50 was charged. This was done on the advice of his attorney, who told him the procedure was perfectly legal.

As Loutzenhiser receives a salary from the county for his services, the question of whether the money earned from the sale of these duplicate licenses is the property of the county or the clerk of courts is now being debated by the county auditors.

Discharge Peterson In Centre County

George Peterson, Pulaski vicinity, who was taken to Centre county recently, was discharged, no case having been found against him, according to reports received here today.

Recently Peterson learned that he was being sought and went to the state police and was sent to the highway patrol where he was arrested.

It was reported there he was wanted on a charge of breaking, entering and larceny. When Centre county authorities returned him to that county he was discharged.

Butler County Postmasters Are Named By Swick

By ARTHUR C. WIMER
Special Washington Correspondent,
New Castle News

WASHINGTON, Feb. 17.—Clifford G. Douthett has been appointed postmaster at Cabot and James P. Pleegeer has been named postmaster at Euclid in Butler county, the post office department announces.

Appointment of Mr. Douthett fills the vacancy resulting from resignation of former postmaster Charles A. Smith of Cabot. Appointment of Mr. Pleegeer fills the post made vacant by former postmistress Mrs. Mary C. Thompson of Euclid.

These post offices being of the fourth class, Senate confirmation of the appointments is not necessary. Thus Senate Democrats will be unable to prevent the new postmasters from taking office.

Your Income Tax In A Nutshell

NO. 16
LIMITATION ON STOCK LOSSES

Certain new provisions are contained in the revenue act of 1932 under the above-mentioned heading limiting the deduction for losses sustained on the sale or exchange of stocks and bonds which are not

capital assets—that is, which have not been held for a period of more than two years. In accordance with the limitation, such losses may be deducted only against gains from similar transactions for the year, although the amount of the excess of such loss disallowed as a deduction for the year 1932 may be carried forward and taken as a deduction against gains from similar transaction for the succeeding year to the extent of the taxpayers' net income for the year 1932. It is also to be noted that such loss may not be offset against capital gains.

The above mentioned limitation is in general applicable to both corporations and individuals as well as other taxpayers. By the terms of the statute, however, the limitation does not apply to dealers in securities as to stocks and bonds acquired for resale to customers or to banks or trust companies incorporated under the laws of the United States or of any State or Territory.

In defining "stocks and bonds" for the purpose of such limitation the statute specifically excludes therefrom bonds issued by a government or political subdivision thereof. Such exclusion not only includes bonds issued by the Government of the United States or a State or political subdivision thereof but also includes bonds issued by a foreign country or foreign municipality. It therefore follows that the deduction for losses sustained on the sale or exchange of such bonds is not subject to such limitation.

Old White Hall Is To Be Commemorated

Lantern Pictures Of Pioneer Residents Of The City Will Be Shown On Program

In connection with the seventy-fifth anniversary of the opening of Old White Hall, now the Central Presbyterian church of this city, which is to be celebrated Monday evening, February 20, an interesting program has been planned. Arrangements have been made for the showing of a number of pictures of the old-time residents of the city. These pictures were collected many years ago by the late C. C. Sankey. Recently they have been prepared for public exhibition and will be placed upon the screen as slides. Other matters of historical nature have also been prepared.

It is interesting to note that Rev. Josiah Hutchman, one of the early

pastors in the old Free Church at White Hall, is the grandfather of Paul Butz and Mrs. John Norris, both of this city. Rev. Hutchman was very active in the religious work of this community until his death in 1855. Another early pastor of the church at White Hall was the late Dr. M. H. Calkins. He still has a host of friends in New Castle. He occupied a large place in the religious activity of the city for over a quarter of a century. His widow, Mrs. Calkins, resides on Neshannock avenue with her brothers and sister.

World Peace Display P.S.E.A. Convention

International Relations Department Of Woman's Club Will Have Charge Of Display

Educational materials, including literature on World Peace have been sent for distribution at the western convention of the Pennsylvania State Educational Association in the senior high school by the Peace Committee of Philadelphia. The Woman's Club through its Department of International Relations is assuming responsibility of dispensing these to teachers in attendance. The materials offered have been compiled for use of teachers in accordance with the resolutions adopted by the World Federation of Education Associations at their Fourth Biennial Conference at Denver in July 1931.

Believing that truthful information is basal to international understanding and peace, the teaching of a correct geographical knowledge showing the contributions of all peoples to world civilization was urged. Through games, plays, song and talks sympathy, friendship and good will can be created.

The story telling of the teaching in other lands, of the exchange of teachers and students, of teaching for racial understanding, of the co-operation between the home and school is included on the exhibit table.

HOW TO GET RID OF ACID STOMACH

According to many authorities, some 80% of the people of today have acid stomach. This because so many foods, comprising the modern diet, are acid forming foods. It usually makes itself felt in sour stomach, indigestion, headaches, nausea, "gas," "biliousness," and most frequently in stomach pains that come about thirty minutes after eating. So you can easily tell if you have it.

Now Quickly and Easily Corrected

If you do have acid stomach, don't worry about it. You can correct it in a very simple manner. Just do this. It will alkalize your acid soaked stomach almost immediately. You will feel like another person. TAKE—2 teaspoonfuls of Phillips' Milk of Magnesia with a glass of water every morning when you get up. Take another teaspoonful thirty minutes after eating. And another before you go to bed.

PHILLIPS' Milk of Magnesia

Neutralizes Food and Tobacco Acids a few minutes after taking.

What This Does

That's all you do. But you do it regularly, EVERY DAY, so long as you have any symptoms of distress. This acts to neutralize the stomach acids that foster your "upset" stomach, that invite headaches and that feeling of lassitude and lost energy.

Try it. Results will amaze you. Your head will be clear. You'll forget you have a stomach. BUT—be careful that you get REAL milk of magnesia when you buy; genuine PHILLIPS' Milk of Magnesia. See that the name "Phillips" is stamped clearly on the label.

ALSO IN TABLET FORM:

Phillips' Milk of Magnesia Tablets are now on sale at drug stores everywhere. Each tiny tablet is the equivalent of a teaspoonful of Genuine Phillips' Milk of Magnesia.

DID YOU ever make a mistake? Thank you! We thought you did . . . and so did we! At the January market we bought only the better grades of Furniture. Suites to sell at \$100, \$119 and \$139. Every suite fashioned from the latest best type of construction, the best grade of cabinet wood, the finest coverings, the kind of furniture you have always admired but felt you could not afford . . . we thought even in times like these there would still be enough people who would be glad to pay \$100, \$119 and \$139 for such fine furniture . . . But we were mistaken, and all of us have to pay dearly for our mistakes! In this case it means that we have to take a severe loss and charge it off to experience. We are going to sacrifice these suites at \$64 . . . Yes, sixty-four dollars, which in most cases is less than we paid for them.

There are exactly 32 of these "de luxe" suites and yesterday when this ad. was written they were on our floor, priced at \$100, \$119 and \$139 . . . and today you can buy them for \$64. We are adhering strictly to facts when we say there isn't a comparable furniture value to be found. Not alone in any other store in New Castle, but in any store in the whole country . . . This proposition should appeal particularly to those who are accustomed to the better grade of furniture . . . And so,

The game was exciting from start to finish with each team making plenty of field goals. The outstanding stars of the games were Lasky, Lackey, N. Uram, Hird and Jaffe.

Reserves Win Thriller

At the end of the first half the Saints held a 17 to 16 lead. The final two periods were hard fought, the score being only one or two points difference at many stages of the game. The regulation game ended in a deadlock and in the extra-period the Saints came through.

Johnny Uram was the scoring star of the preliminary game with 16 points followed by Kearns with 10 points, and by Koszela with 14 points and Budai with 11. The game was one of the best of the year at the St. Marys floor.

Corbett Won Title From Englishman In Battle In Florida

James J. Corbett Kayoed Charley Mitchell At Jacksonville, Florida, 1896

Bitter Feeling Between The Fighters; Refused To Shake Hands

Following is the description by W. S. Farnsworth, noted sports writer, of James J. Corbett's knockout victory over Charley Mitchell, British titleholder, in the third round of their international battle at Jacksonville, Fla., on Jan. 25, 1896.

By W. S. FARNSWORTH

(Copyright, 1933, by International News Service.)

The great international fight took exactly nine minutes to decide. In that brief period the American put the "English butler" to sleep. And in the same time "Gentleman Jim" became world's champion and added the \$20,000 winner-take-all purse to his bankroll.

There was bitter feeling between the men, which was plainly evident when Referee Kelly called them together for instructions and gave them words of advice about breaking up at his order.

Refused To Shake.

"You will now shake hands," Honest John" told them. Neither man obeyed, however. Again came the request for the formal sign of amity. But the fighters stood like stone men. There was no "shake."

In the second round Corbett landed a terrific right to the temple and Mitchell was knocked flat on his back. When the third round opened Mitchell responded very slowly. He appeared to be stiff and sore. Corbett sprang at him and rushed him into a corner.

He punched Charlie in the nose, drawing blood. Then he swung his ponderous left to the jaw and Mitchell dropped. The instant Mitchell was up Corbett was at him, smashing him in the mouth, causing blood to gush from his mouth and nostrils. Beaten, bleeding, Mitchell slowly turned on the floor and staggered to his feet. Swinging Mitchell on the jaw, Corbett smashed Mitchell heavily on his side, rolled over on his face senseless and knocked out.

Boston Braves Are Confident

Mgr. Bill McKechnie Has Well Balanced Team For 1933 Season

IS BANKING ON "SHANTY" HOGAN

(International News Service Sports Editor) NEW YORK, Feb. 17.—Slowly but surely Bill McKechnie is building a real ball club at Boston. The soft-spoken Scot is making progress. His Braves will be stronger this year but they will be trouble makers for the leaders rather than pennant winners.

His chances hinge largely on the work of a fat boy, a castaway and a clown. And by far the most important of all is the clown, Rabbit Maranville.

When the rabbit is going good, the Braves stand up; when he has to leave the game, the team seems to fall apart.

The fat boy is Frank Hogan, recently acquired from the Giants, and the castaway is Baxter Jordan whom the Giants tossed aside years ago. McKechnie is depending on these two to add punch to his outfit.

Jordan is a sure bet to land the first base job despite the boasts of Art (Wotaman) Shires, with Maranville at second and Urbanski at short. There is a weak spot at third. Hogan will do most of the catching.

The pitchers are good enough to win if the team can produce a few runs for them. Betts, Brandt, Brown, Frankhouse, Cantwell and Zachary will tote most of the load.

KARNS CITY WINS

Karns City high defeated Slippery Rock last night 29 to 27 in a Section 18 game at the Karns City floor. 18 game at the Karns City floor. Harmon and Strach were the star performers of the game. The Karns City team still has chance to tie for the leadership in the section. Union High is leading the league.

NESHANNOCK RANGERS WIN

Neshannock Rangers basketball team handed the St. Andrews Mid-juniors an 18 to 9 setback last night at the St. Marys floor. The scoring stars were Nelson, Clark, George and Dutkin. The Rangers led all during the game.

The B. M. D. team won the first-half title and are undefeated to date. J. Solomon was the outstanding player for the Cosmos with Jaffe and Laskin the best for the Youngstown team. The Cosmos will play the Y. M. H. A. of Farrell next Wednesday.

New Castle HiLocals In Return Contest At
George Washington Gym
This EveningELLWOOD CITY, Feb. 17.—A
fighting Ellwood City high basket-
ball quint will invade New Castle
this evening for a battle with Coach
Phil H. Bridenbaugh's section lead-
ers at George Washington gym.The locals, not in an accustomed
position, are again the underdogs for
the game. Nevertheless they will be
out there with more determination
and fighting spirit than in the pre-
vious encounter which the red and
black won by a margin of eight
points.If the section leaders were injured
in any way by the graduation of
Johnny Uram it is not yet apparent.
Kelley just seems to fit in his shoes
nicely and has been a continued
cause of worry to opponents. This
lad is playing in the pivot position
where he is very capable. He has
been promoted from the reserve
squad.
All during the week Coach "Gan-
zy" Benedict has been making ef-
forts to improve on his offensive for
this game and find means of check-
ing Captain Reiber and Kelley at
the same time. The Ellwoodians will
be out to do their best and if possi-
ble upset the Bridenbaugh passers.
The fact that the Tubers have yet
to win a sectional game is a point
in their favor for tonight's game.

the red and black slightly over-con-
fident. Against the smooth working
combination of Teplica and Battley

Kominic at the guards and Kelley
at center, Coach Benedict will send
Captain Bolotin and Scopellite for-

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

Parking space around the Cathedral last night was easy to get—after midnight. Looked like happy days were here again, judging from the crowd that was inside and if you got down to the show late, you had a r'se walk from the parking space over.

On lad from Garfield avenue drove his family down to the show and then had to drive back to Sheridan to park. A real mob at a real show. Everybody seemed to be there, even Gracey's Allen's brother.

Another sort of crowd fills the Cathedral this afternoon and to night. A crowd of school teachers from this and six other counties, holding the first convention of the mid-western district of the P. S. E. A. Most of the big numbers, educationally, are here or will be and brother, watch your English as you go by.

Herb McIlvenny tells this one and vouchers for its authenticity. Seems as though a flock of wild geese decided to stop over in Lawrence county for the winter and can be seen every afternoon practicing sky maneuvers down near the Moravia yard.

As a rule, wild geese pass over the county on their way south in the fall but this flock apparently decided that they were far enough south for this winter and stayed over. Which means something or other.

The Mid-winter party of the Lincoln-Garfield old timers was held last night and like the rest of their parties they had a big time.

Tommy Blake is all set for soup for the next few days. Admiring friends sent him up a bouquet last night which contained more vegetables than a small green grocers store. Everything from artichokes to rhubarb. One little piece of ham and the stew would have been complete.

THUMBPRINTS

This one is contributed and sounds like a shot in the dark...or at least a half shot...Rufus McKinley and DeGraff Pearson once painted bug-gies and raced horses...according to the tip off...Bill Cosel once had a job that required a lot of tact...he was claims officer for his regiment settling damage awards with French peasants after the regiment moved out of the French villages...and sold a Frenchie a package of chlorine tablets as a soft drink preparation.
